## El Cuchillo Carving Knife Set

Made with care, this handcrafted carving knife set is not only beautiful but built to last.

Why is this carving set so special?

To guarantee the hardness of the blade is consistent, it is first heated to 1050°C, then passed through an air-cooled area, bringing it to a constant 50°C. Next, the blade is put into a deep cooling process, ensuring its strength and durability.

Using a traditional knife crafting technique, water milling has been used to create the blade's edge. The process uses coarse, slow, and fine grinding, with water, rinsing while polishing. Finishing the knife with a beautifully slim and sharp edge, perfect for slicing through fish and meats.

- ▶ Ergonomic design offers a comfortable grip
- ▶ Stylish hand-pounded forged steel texture
- ▶ Professional heat treatment gives it high abrasion, high durability, and resistance to deformation
- ▶ Lightweight and sharp for easy slicing

Kubb (pronounced [køb:] in Swedish or [kub:] in Gutnish) is a lawn game and can be described as a combination of bowling and horseshoes.

Games can last from five minutes to well over an hour.

This set is based on the traditional game's pieces, and larger than most of the versions you would find in high street retailers, making the game true to its roots.
